## MINERS AND OPERATORS COMING TO TERMS

**A Two-Year Scale At The  
Old Rate Agreed Up-  
on.**

### FOR A REFERENDUM VOTE

**It Is Predicted That Friday  
Will See An Agreement  
Reached by Both parties.**

Toledo, Ohio, April 15.—A rate of 90 cents per ton, fixed on practically the same working conditions as last year, in a two years' agreement, all to be ratified by a referendum vote of the miners, is the program practically agreed on tonight for the inter-State convention of operators and miners now in session here. This means a general resumption about May, and all prospects of a general strike have been wiped out. Tonight, after two days of sparring for points on a monster business proposition, this conclusion has practically been reached.

The referendum vote on the two year scale will, it is believed, solve the problem.

The situation has been still more amplified by placing the entire matter in the hands of a sub scale committee consisting of two miners and two operators from each of the three States. John H. Jones and G. W. Schluederberg for the operators and Francis Feehan and A. L. Davis for the miners are the Pittsburgh representatives on this committee.

The prediction is that the finishing touches on a compact of peace and prosperity will be completed not later than Friday.

### BIG ORDER PLACED.

The news reached Pittsburgh last night that the New York Central had contracted with the United States Steel company for 31,000 tons of standard section steel rails.

The order is supplementary to an order recently placed with the Lackawanna Steel company and will cover the requirements of the company for the remainder of the year. It is stated that other large orders are in prospect, but it is not known when they will be announced.

Mr. Farmer, Sec. Mounts of Charleroi for the past year, died at his home, 19-S 11

### USES PHONE THEN GUN

**Young Woman Wanted  
Friend To See Her  
Die.**

Washington, Pa., April 15.—Daisy Evans telephoned to W. A. Rouse to come to her room this evening. He was just in time to see the girl fire a revolver shot into her right breast. She will likely die. Jealousy is supposed to be the cause.

Rouse was arrested to await an investigation. The woman is said to have left a husband a year ago. From that time until six weeks ago she was at her father's home in Chilion, W. Va. After the shooting she was taken to the hospital. Probing failed to locate the ball.

### No Matter What

Do not deny **ON'S** LINEN. You live at **ON'S** LINEN.

Have 300 different styles of linen. If you don't like a hat already made up that suits you.

**We Can Make One**

**That Will Suit You**

Come select the shape and trimmings and we will make the hat. Our prices are low, which is very important just now.

602 FALLOWFIELD AVE.

### FORGOT THEIR PARTIES

**Democrats, Prohis And  
Socialists Vote The Repub-  
lican Ticket.**

### AN ENORMOUS GAIN

**Republicans Vote 3,362 larger  
Than last Fall when Sheatz  
Got 2,522 Votes.**

Party lines were badly shattered at the Saturday general primary, according to the figures, which were given in complete form in "The Herald." Just 1,139 more votes were cast for Messrs. Tener and Acheson Saturday upon the Republican ticket than the leaders of all four parties received in all at the general election last fall. This is remarkable and shows that many in addition to Republicans, called for and secured Republican ballots Saturday.

There were 5,834 votes cast for the Republican candidates for congress, against only 4,745 votes cast for the party leader November 5th. John K. Tener received 2,350 votes and Ernest F. Acheson 2,394, this giving Tener a majority of 16 in the county. Tener carried the city by 338, winning 14 of the 20 precincts. Acheson carried the county outside by 222, losing in Lawrence county as a whole by 16. Fish the Prohibition candidate for congress, received only 142 votes and McKeever, the Socialist Congressional candidate, barely received 102.

Democrats are charged with having voted for Tener probably they did, but the figures indicate that both Prohibitionists and Socialists also jumped the party lines, or failed to turn out at the election, one or the other. The Democratic vote Saturday came nearer equalizing the party vote of last November than either of the other two minor parties.

A total of 2,240 votes were cast Saturday for the Democratic candidates for county commissioner, while Harmon, the party leader last fall, secured 1,271, or only 31 more. The greatest discrepancy is shown between the vote of Saturday and last fall in the Prohibition and Socialist ranks.

Stevenson, the Prohibitionist party leader in November, received 539 votes in Lawrence county. As Fish was given only 142 Saturday at the primary, this shows a difference of 397. It is scarcely possible that the party has lost any voters in the meantime, or that so large a part of them would remain away from the primary polls.

Clark, the Socialist banner bearer in November, secured 338 votes in Lawrence county, while McKeever for congress Saturday was given only 102, leaving 236 to be accounted for. Socialists pride themselves upon participating in elections and hold the franchise very dear, so it is scarcely possible that 70 per cent of the voting strength of last fall remained away from the primary election.

If the Socialists and Prohibitionists did not absent themselves from the Saturday primary, they must have voted some party ticket other than their own. The Republican is the only one that showed any gain, so they must have been there. Last fall, every mother 2522 votes we rather know that less than

## THE STAR THEATRE

is the biggest and best theatre in the valley. It's the only place of amusement where you get a dollar's worth of enjoyment

**FOR 10c**

For a dime you get the best vaudeville on the road—see the finest moving pictures, hear the sweetest songs. It is indeed the place to go to drive dull cares away. Performances 7:30 to 10:30. Matinee every Saturday. Extra fine bill for this week.

Fallowfield Avenue.

## WIRELESS PHONE DEMONSTRATION YESTERDAY

A practical demonstration of the uses of the Collins Wireless telephone took place yesterday in the Masonic building, a large number of local people who are interested taking advantage of the opportunity to test the wireless phone.

The demonstration was in charge of George M. Davis of Philadelphia, who cheerfully explained the workings of the wireless telephone and illustrated the scientific principle upon which the invention depends for the transmission of the sound waves from one point to another some distance away.

The instrument in itself is a box a little larger than that of an ordinary desk phone. It sets on a tripod, and there is a small rod extending upwards above the box a distance of two feet, having at the end a sheet of a sensitized metal. By a tuning device this phone may be put in conjunction with another any distance away and two persons may readily converse. Even the breathing of a person can in the best of phones be plainly heard by some one conversing with him, and who may be miles away.

The invention is considered a wonderful thing and one that is destined to become in the course of time as much in use as the ordinary phone of today.

## WAGNER'S OPENING ENJOYABLE FEATURE

The Spring opening of Wagner's Ice Cream parlor on McKean avenue was held yesterday afternoon and evening, the beautiful place being packed from the hour of opening until the closing one. Jenkin's orchestra furnished music.

In the afternoon from 2 to 4 and the evening from 7 to 11 were the hours, and during that time there were indeed gay crowds thronging the parlor. The large number of visitors were ably cared for by waitresses dressed in white. A souvenir box of Johnson's best chocolates was handed each person as they passed out. Several attended the opening from out of town.

### Denom Schoolmanns Visit

Yesterday afternoon the Denom schools were closed on account of the funeral of E. W. Castner, and several teachers came to Charleroi for a visit in the local schools.

### Attractive Cases

Adolph Seigel the popular shoe man has added two new display cases to his store on Fallowfield avenue. They are of plate glass and have added much to the appearance of his store.

### Acheson together Saturday.

Of course the larger vote Saturday shows that greater interest was manifested in the primary than in the general election of last fall. It also shows that interest centered particularly about the Congressional contest.

The results in Lawrence county show conclusively that the present general primary law is not the best. Five party measure it was a

## CRILL'S BAZAAR

534 Fallowfield Ave., Charleroi

## JURY FAILED TO AGREE ON CAUSE OF MAN'S DEATH

California, April 15.—The members of the coroner's jury who today at this place investigated the mysterious death of Moses Causellata, found dead by the side of the P. V. and C. railroad tracks between California and West Brownsville several days ago, were unable to reach an agreement. The jury stood three to three on the proposition of holding Antonio Pazzinia, the dead man's former friend for the murder.

It was the theory of the officers who investigated the case that Pazzinia killed Causellata and then placed the body on the track of the P. V. and C. railroad to hide his crime. It is the supposition that the victim of the murder was waylaid by Pazzinia and stabbed to death. Pazzinia was arrested at Smock, Fayette county, his home, and is now in the Washington county jail.

### Meeting Tonight

Charleroi Com. No. 41, T. B. H. will meet tonight at their hall, Fallowfield avenue between Third and Fourth streets. Let all members be present.

A grand reception will be given by the Eureka Club Easter Monday night. Bank of Charleroi Hall.

## MEN'S LEAGUE WILL HAVE BIG RALLY

The Men's League of the first M. E. church will hold a grand rally Easter Sunday. Rev. W. G. Mead, P. H. D. of Duquesne, formerly pastor in charge here will lecture on "The Dynamics of the Higher Manhood." A special musical program has been prepared. A cordial welcome is extended to the Christian Brotherhoods of other churches. A full attendance of the League is requested by the president.

### River News

During the recent suspension rivermen and steamboat owners are taking advantage of the dull times and are having their boats repaired and put in first class order for a big fall run of coal.

The Charleroi Coal Co. are installing a 40 horse power tubular boiler at their fan house near Cook No. 4. This will give additional facilities to furnish motive power in case of accident or a shut down and no danger may be feared now in securing ventilation for the mines.

There is not much activity being shown at present as to preparing for the summer excursion trade although the steamers of the Elize line are being inspected and put in running order. It is expected by the managers of the Coney Island Amusement Co. to put a line of steamers to connect daily with that point and Pittsburgh it will depend largely as to the activity in industrial circles as to the weekly excursions formerly made by the Island Queen and Beauty.

The Pittsburgh and Morgantown Packet Co. will have the Columbia and I. C. Woodward an regular commission about May first to take care of the up river trade.

Major H. C. Newcomer, United States engineer, in charge of the Pittsburgh district passed up the river on the Government boat Swan. Hour of inspection going up as Fairmont.

Years of waiting, packet taking looking forward to an undisturbed season of navigation during summer and fall, due to action of dams Nos. 3, 4 on Ohio river. With the

## PENROSE RESUMES DUTIES AT WASHINGTON, D. C.

### CHARLEROI MEN SHOT

**Two Alleged Strike Breakers  
Shot During a Riot  
At Chester.**

### STRIKEBREAKERS RIOT

**In a Fierce Hand to Hand  
Battle With the Strikers—  
No Cars Running.**

Chester, Pa., April 16.—(Special) Two men, Claim Agent W. B. Griesmer and Conductor William Borgman of Charleroi, were shot by strike sympathizers, when Chester Traction Company attempted to resume operations this morning.

After a hand to hand conflict the strikers completely routed the strike breakers. No cars are running.

### For The Catacombs

Washington, D. C., April 15.—To transform the dignified thirty-fifth parallel of north latitude into a macadamized roller skating, pedestrian and automobile highway to be constructed by the United States Government from the blue Atlantic to the Golden Gate via New Berne, N. C., electric lighted, policed and bordered with new idea garden cities wherein no man or maid shall break the eight hour law is the object of a bill introduced today by Representative Bourke Cockran of New York.

Old timers held a mock inquest on the bill soon after its appearance and pronounced it the most remarkable legislative contrivance that ever found its way into the curiosity catacombs of the House. Speculations as to its authorship were rife but futile, for none but Mr. Cockran had the secret, and he kept it.

### Some Miners Remain at Work

Butler, Pa., April 15.—Coal miners in the Butler-Mercer districts, called out by officials after they have voted not to strike, did not obey the order in a body. Today miners are working at Hilliard and Argentine. The operators will hold a meeting at Clayton tomorrow, and announce they will likely run their mines with non-union labor to fill contracts.

### First Victim of New Alien Law

New York, April 15.—Michael Toakas, a labor contractor, was sentenced yesterday to eight months in Sing Sing prison for importing contract laborers from Macedonia and Bulgaria. This is the first sentence here under the conspiracy clause of the immigration laws.

Dosing the stomach to cure nasal catarrh does not sound reasonable And it isn't. Breathe Hyomei, which puts the medication right where the disease is, and cures. Money back if it fails. Piper brothers.

### For Sale

One Economy Gas Range. Party giving up housekeeping will sell above very cheap. Has been used four months. Can be seen at Fleming's McKean Ave.

**Senior Senator Gets Into Har-  
ness After a Month's En-  
forced Inaction.**

### ATTEND NO CONVENTION

**Doctors Forbid His Attend-  
ance at State gathering, but  
he'll return to Washington.**

Washington, D. C. April 15.—After exactly one month's enforced absence from business, Senator Penrose this afternoon again took up a public man's burdens by sending a telegram to Col. W. A. Andrews asking him about matters pending before the Committee on Postoffices and Post Roads, of which the Senator is Chairman.

Doctors upstairs today, fully dressed and feeling fine. Intended going for a drive today, but rain prevented. Wired the Senator as an introduction for his resumption of work.

The understanding here is that the Senator will return to Washington about May 1. Unless he disobeys the doctors, he will not attend the State convention. The doctors say he should remain perfectly quiet for three weeks, but Senator feels that he can take the risk of coming to Washington. The strain of meeting post at the State convention it is felt would be too much for him.

The Senator took to his bed March 15, just after he had seen the last of the nomination papers filed on his legislative slate. Since that time he has not been able to do any work with his own hands, although for some time after he took to his bed telegrams were sent out in his name.

Those who have seen him during his illness say that he has not lost much weight, any that by the time the doctors permit him to go out he will be very much himself.

A grand reception will be given by the Eureka Club Easter Monday night. Bank of Charleroi Hall.

## FEAST OF PASSOVER.

**Jews Will Eat Only Unleav-  
ened Food For the  
Next Week.**

Jewish people throughout the world are observing the Feast of the Passover, which began at sundown last evening and will continue until next Wednesday evening, at sundown. During the week "matzo" will be the principal food, as only unleavened food is eaten by Hebrews during this feast.

The Passover reminds the Jew of his origin, his tragic past and his destiny, and indicates the service which Israel is to perform for humanity. It is also called the Feast of the Passover.

## April 16 In History.

1671—John Law, famous  
speculative financier,  
born; died 1729.  
1680—Aphara (or Aphra)  
Behn, noted English  
dramatist and novel-  
ist, died; born about  
1640.  
1814—Eugene Beauharnais,  
marshal and viceroy (son of  
Empress Josephine), signed a con-  
vention with the allies in Italy, and  
the Napoleonic wars were ended  
till the Waterloo campaign.  
1862—France declared war against  
Mexico. Being engrossed with civil  
war, the United States could not  
protest against this violation of the  
Monroe doctrine.  
1904—Samuel Smiles, LL. D., English  
surgeon and author of "Self Help,"  
died; born 1812.

Sun sets 6:36, rises 5:14; moon rises  
6:37 p. m.; moon at greatest libration  
east.

## Local Option.

Local option seems to be a leading  
issue and one that will play a promi-  
nent part in the coming campaign.  
The greater part of the arguments  
hitherto used have been based on  
appeals to passion and prejudice  
rather than a sober consideration of  
the question and its discussion has  
shown that there can be as much in-  
temperance in the use of words as in  
the use of stimulants. What is  
needed is a calm, dispassionate ex-  
amination of the matter, an exercise  
of the reasoning powers based upon  
the facts as they exist.

The statements as to the evils or ad-  
vantages of local option, or prohibi-  
tion if you will, in the states of  
Maine, Iowa, Kansas, Alabama and  
Georgia are colored to suit the side  
using them and are, therefore, value-  
less as a foundation by which to be  
guided.

Fortunately Pennsylvania has with-  
in its borders an example of local  
option of long duration and our citi-  
zens can inform themselves as to its  
exact value in the mitigation of the  
sale of intoxicating drinks. The  
Twenty-fifth Senatorial district is  
composed of the counties of Tioga,  
Potter and McKean. Tioga and Mc-  
Kean are "Wet" while Potter has  
had local option, prohibition for about  
fifty years, a sufficient time to test  
the virtues or evil of any law. We  
would ask the conservative, thought-  
ful citizen who is sincerely desirous of  
curbing the sale of liquor to inquire,  
and the inquiry is easily answered,  
has local option prevented or over-  
diminished the sale or drinking of

liquor in Potter county. It is easy to  
establish the fact whether it is easier  
or harder to obtain a drink in Con-  
dorsport in Potter county than it is in  
CharleROI.

The principal towns and boroughs  
in Potter county are Austin, Copd-  
ersport, Elmer, Galeton, Harrison  
Valley and Cross Forks. Now has  
local option harmed or benefitted  
those towns? Are the taxes lower or  
higher than those in adjoining coun-  
ties? Are the deposits in the savings  
banks greater per capita? Are the  
people as a whole more sober or  
thriftier? Is the consumption of al-  
coholic drinks less or greater per ca-  
pita? Is there less crime? Is there  
less poverty? In a word have any or  
all the blessings or evils followed in  
the wake of local option?

The citizen who sincerely desires to  
inform himself upon this question can  
do so by consulting the official rec-  
ords. Those who are fixed in their  
positions pro or con upon this question  
these things will not appeal, but in  
the last analysis the issue will be  
settled in Pennsylvania by the expe-  
rience of Potter county.

## The Primary Law.

We gather from a number of our  
exchanges that the new primary law  
did not work as well as they desired  
and we note that almost precisely  
the same objections are raised to it  
that were raised to Australian ballot  
law when first used some years ago.

Those objections have been over-  
come and it is fair to presume that  
those raised to primary law will be  
overcome. No thoughtful citizen  
would wish to return to the old  
method when the boss or his heeler  
stood at the window of the polling  
booth with a handful of tickets and  
brow beat and coerced the unwilling  
voter to vote against his conviction  
under a threat of personal violence or  
loss of work.

The wisdom of man never yet con-  
ceived a law that fully satisfied every-  
body, nor will it ever enact such a  
law. But time will point out any  
imperfections in the law if there are  
any and the Republican party can be  
depended upon to remove them. Until  
a thorough trial has been given the law  
it is not wisdom to pronounce it a fail-  
ure or even a partial failure. As far  
as can be judged the machinery  
worked for good even though there  
were vexatious features due to a mis-  
understanding of its workings.

That law has come to stay, it may  
or may not be amended, just as ex-  
perience shall deem amendment nec-  
essary.

## A Popular Choice.

The nomination of Mr. John K.  
Tener for congress is hailed with ex-  
pressions of pleasure by men of all  
classes and parties all over the  
country.

Rarely indeed is a man chosen for  
such a high office who possesses the  
unlimited confidence of the toiler,  
the banker and the business men gen-  
erally.

Cynical persons are all too apt to  
decry right living and clear thinking.  
They would convey the idea that suc-  
cess were surer if a man were all  
things to all men. No greater mis-  
take could be made. The old idea  
that it were better to be thought  
smart than honest and to be witty at  
the expense of truth has been thor-  
oughly exploded.

Character, good, wholesome char-  
acter, never counted for so much as it  
does today, and great as have been  
Mr. Tener's achievements none will be  
as lasting as the example of upright  
character with which he has impress-  
ed upon young men.

Mr. Tener will never electrify the  
country with verbal sparks but what  
he will say will bear the unchange-  
able garments of Truth. Mr. Tener's  
popularity is not of a sudden, mush-  
room growth, but is formed from the  
slow, steady growth of years. It is an  
example and an inspiration to the  
young men who seek to bring suc-  
cess from reluctant fortune.

## Prosperity Returns

There are many cheering  
signs of the depression in min-  
ing and railroad cir-  
cles that the tide has turned  
and times are surely  
improving.  
With the differ-  
ent and operators about

be hailed with delight by all, the res-  
umption on full or partial plans by  
many of the vast steel and iron  
works, the proposed construction and  
extensions of railroad lines are all  
glad omens to the working and busi-  
ness men alike.

Were this not a presidential year  
it is a certainty that the first of May  
would find the country on the crest of  
a flood-tide of prosperity. The cala-  
mity howler has had his turn at the  
bat and has died at the plate.

The hopeful, optimistic citizen has  
reasons for renewed confidence and  
unless all signs fail will be amply  
justified in that confidence. It may  
not come all at once but prosperity is  
returning with a healthy, steady  
growth, so unmistakable that all can  
see it except those who do not care to.

## Sure Thing.

Some Republicans are good Republi-  
cans only when they have their own  
way.—Steubenville, O., Herald.

And their "way" is generally a  
bad "way" for the party they attach  
themselves to.

## TRIAL BY BREAD AND CHEESE.

Old-Time Primitive Way of Convict-  
ing Suspected Criminals.

There were many odd ways in an-  
cient times of detecting criminals.  
Our ancestors had not lived long  
enough to lose their faith in the  
guarings of conscience, and divine in-  
terference in earthly justice was  
superstitiously regarded as a daily oc-  
currence.

No queerer example of this could  
be found than the ancient mode of  
trying prisoners by bread and cheese.  
The unfortunate offender was led  
with a halter round his neck, to the  
parish church, and there in the pres-  
ence of the people the priest put pieces  
of cheese and rye bread in a patten on  
the altar. These he blessed and then  
the supposed criminal had to eat them  
dry before the congregation.

If he managed to swallow them easi-  
ly he was acquitted, but if he choked  
he was condemned. Naturally enough  
scores of innocent folk were thus done  
to death.—Pearson's Weekly.

## The Rift in the Cloud.

It was toward the end of the noon  
hour, and one of the clerks stopped to  
chat with the telephone operator be-  
fore going back to his ledgers.  
"Have you noticed," he inquired,  
"how the price of everything is going  
up nowadays?"  
"Have I?" sympathized the girl at  
the switchboard.

"Terrible, isn't it? Now they have  
even raised the price of milk. Next  
thing we'll have to pay a dime to ride  
on the street cars."

The girl sighed with apprehension.  
"Well," said she, "it's dreadful, but as  
long as chewing gum remains the  
same I suppose I can exist!"

## An Early Coin Sweater.

"Coin sweating," which so often fig-  
ures in the Old Bailey calendar, is a  
very, very old crime. More than six  
centuries before Christ there was a  
coin sweater, one Alexander of Byzant-  
ium.

He was the chief officer of the pub-  
lic treasury, and he amassed an im-  
mense and sudden fortune by "clip-  
ping" the money in so skillful a man-  
ner that his frauds could only be discov-  
ered by weighing.

The Byzantiums gave him the nick-  
name of "The File," from his making  
such dextrous use of that tool. Whence  
probably comes the modern term of  
"file" applied to thieves, pickpockets  
and cunning, hard-headed scoundrels.  
—Pearson's Weekly.

## When Age Troubles Women.

"Women," said a marriage license  
clerk, "often lie about their age in the  
certificate. Look here. This is a let-  
ter from a woman now, asking me if  
a little age she will illegitimate her  
marriage. She says she is 36 and her  
husband thinks her 29. She wants,  
naturally, to maintain the illusion. I  
get such letters every week. I reply,  
if stamps are inclosed, that there is  
no law against these lies. After all,  
they do no harm, do they? Yes?"

"There's a law against them in  
Australia. There, only the other  
day a divorce was granted a man  
because his wife had lied in a man-  
ner to him. She was, it  
but he had thought her old."

## Bad Air "Breath of Spring"

"Foul air from impro-  
perly disposed refuse is the breath of de-  
ath. While poor cities, with their  
death-improving hazy atmosphere,

# THIS AND THAT

Few persons would guess that the  
smallest things visible to the eye are  
the stars.

The Seven Stars Hotel at Village  
Green, Pa., has been a public house  
for 145 years. It was the headquar-  
ters of General Cornwallis in 1777.

A farmer near Osceola, Mo., had a  
pair of fractious mules which became  
docile, he says, after he had presen-  
ted them to "Sam" Eaton, a Baptist  
missionary.

New York and New Jersey together  
contained about 15,000 Catholics a  
century ago, where now the New  
York diocese also has over 1,200,000  
members with 130 churches.

Callao, Peru, needs to have its har-  
bor facilities improved. It is not un-  
common for vessels to be detained  
four or five or even six weeks before  
they can begin to discharge a cargo.

Denatured alcohol to the amount of  
1,744,272 gallons was produced in the  
United States during the first six  
months of 1907. The free alcohol  
law took effect on January 1, 1907.

Emperor William has received Pro-  
fessor Schott, the well known sculp-  
tor, who, with Professor Reinhold  
Begas, also a sculptor, is actively  
engaged in promoting an exhibition  
of German sculpture in New York.

Holland has a perennial necessity  
for wooden piles. In Rotterdam  
habor works of all kinds demand them  
and the drainage of the Zuyder Zee  
as it steadily proceeds throws cut its  
wooden ramparts in all directions.

Mme. Schumann-Heink, the famous  
contralto, announces that two of her  
sons, Henry and Hans, are at present  
studying singing in Chicago and both  
are going to have wonderful bass  
voices. She says: "They will both  
be singing in opera before I have fin-  
ished."

John C. Heed, who has been known  
for a long time as "The March Wiz-  
ard," has just died at Hackettstown,  
N. J. He composed more than 100  
marches that became popular, and at  
his funeral a band of 35 musicians  
played selections from these march  
compositions.

A census was taken recently of the  
St. John's Road Workhouse, London,  
which showed that the number of in-  
mates was 1,613, and of these 1,150  
were over 60 years old. The particu-  
lars: Between 60 and 70, 52; be-  
tween 70 and 80, 511; between 80 and  
90, 159; between 90 and 100, 11.  
There was also an inmate aged 101.

## Letter to J. B. Shafer.

CharleROI, Pa.  
Dear Sir: Here's the truth, the  
whole truth, and nothing but the  
truth:

Devoe takes less gallons for a job  
than any other paint.

If any one doubts this statement,  
here's the proof:

He may paint his job Devoe, the  
other half any other paint.

If Devoe half doesn't take the  
least gallons and cost less money, no  
pay.

Yours truly

F W DEVOE & CO

Buckholdt Harware Co. sells our  
paint.

Kodol is today the best known rem-  
edy for all disorders of the stomach,  
such as dyspepsia, heart burn, sour  
stomach and belching of gas. Sold  
here by Piper Bros.

DeWitt's Little Early Risers,  
small, safe, sure little liver pills,  
by Piper Bros.

# WHO FOUND THE MISSING WORD

The interest in the missing word  
contest is growing greater every day  
and judging from the number of an-  
swers received, the finish of the race  
will be warm. The missing word  
last week was "Want" and was  
omitted from the advertisement of  
Haube the Florist, between the words  
you and something. Because there  
were so many correct answers to last  
week's contest don't be discouraged  
and think that they are all right as  
there were as many missed the word  
as found it. Hunt up the word this  
week and send it in. Following is a  
list of those who sent in correct an-  
swers:

Ralph Richards, CharleROI	1
W. R. Pearce, CharleROI	1
William Riley, CharleROI	1
Arthur Clever, Monongahela	1
John McDonald, Pittsburgh	1
Katherine Collins, Speers	1
Stella Zephuss, Speers	1
Mrs. H. E. Picher, CharleROI	1
Ethel Vickers, CharleROI	1
Augustine Tomasko, CharleROI	1
Mary Jeannett, CharleROI	1
Mabel Hopkins, CharleROI	1
Adelmina Riva, CharleROI	1
Newton Bailey, Dunlevy	1
Earl Nickelson, CharleROI	1
Earl Ransom, CharleROI	1
Anna Shepler, CharleROI	1
Kate Gamber, CharleROI	1
R. J. Ellenberger, CharleROI	1
Mike McGuire, CharleROI	1
W. T. Hickey, CharleROI	1
Mac Jameson, CharleROI	1
Mrs. A. C. Anderson, CharleROI	1
Mrs. Chas. Lewis, CharleROI	1
Mrs. C. B. Copeland, CharleROI	1
Anta Bromberg, CharleROI	1
E. W. Rate, CharleROI	1
Clara Collins, CharleROI	1
Mrs. B. Webster, Dunlevy	1
Mrs. Harry W. Gish, CharleROI	1
J. D. Tracy, CharleROI	1
M. S. Pope, CharleROI	1
Austin Stahlman, CharleROI	1
Frankie C. Bly, CharleROI	1
Alice Phillips, CharleROI	1
Neva Brown, CharleROI	1
Hazel Watson, Lock 4	1
Katie Roup, Lock 4	1
John Lutes, CharleROI	1
Mrs. Geo. Arnold, CharleROI	1
Rebecca Allison, CharleROI	1
Jean Fields, CharleROI	1
Robt. Worthington, CharleROI	1
Harold Stech, CharleROI	1
Zenobe Baudoux, CharleROI	1
Ed Didat, CharleROI	1
Sarah Claybaugh, CharleROI	1
Margaret McDermott, CharleROI	1
Isabelle Dorbretz, CharleROI	1
Geo. Pierce, Lock 4	1

Joseph Hunt, CharleROI	1
Charles Wagner, CharleROI	1
Mrs. R. T. Wiley, Elizabeth	1

# "KING OF ISRAEL" TO BE GIVEN SOON

On Friday evening, April 24 the  
music lovers of CharleROI will be  
given a treat, local singers arranging  
for a cantata which will surpass any  
thing in that line ever before  
attempted by CharleROI people. The  
cantata will be given under the di-  
rection of Prof. E. M. Kay, and will  
be in the auditorium of the Washing-  
ton Avenue Presbyterian church.

The name of the cantata will be  
"King of Israel." Prof. Kay has  
had his singers at work on the music  
for several weeks and expect much of  
them.

A special feature will be a reader  
and reciter, who has been secured  
at considerable expense and trouble.  
This will be Miss Febr, who is well  
known in large cities for her work.  
She is a graduate of King's school of  
oratory, taking high honors at that  
institution.

SCHOOLS WILL BE CLOSED FRIDAY

# You Can Easily Operate This Typewriter Yourself

Don't worry your  
correspondent.  
Don't write him  
anything by hand  
that takes him time  
to make out. He  
may leave him in  
doubt—that he can't  
easily read.  
And don't fill out  
legal papers or card  
memos—or make out  
accounts or hotel menus in your own hand-  
writing.

It looks bad, reflects on your standing,  
makes people think you can't afford a  
stenographer, and is sometimes ambiguous.  
You can write out your letters—make out  
an abstract—fill in an insurance policy—  
enter your card memos—make out your  
accounts or a hotel menu—or do any kind  
of writing you need, on any kind, size or  
thickness of paper, and save any way you  
want on

# The OLIVER Typewriter

You can write any of these things if you do  
not happen to have a stenographer.  
For you can write out as rapidly, and as  
perfectly, as an expert operator on the  
OLIVER. Because the OLIVER is the  
simplest typewriter. And you can see  
every working part. About 80 per cent.  
more durable than any other typewriter,  
because it has about 80 per cent. less wear-  
ing points than most other typewriters.  
80 per cent. easier to write with than these  
other complicated, intricate machines that  
require "humming"—technical knowledge—  
long practice and special skill to operate.  
Than machines which cannot be adjusted  
to any special space—with which it is im-  
possible to write abstracts, insurance  
policies, or other such documents except you  
buy expensive special attachments requir-  
ing experts to operate.  
You can adjust the OLIVER to any reason-  
able space—you can write on any reasonable  
size and thickness of paper, right out to the  
edge, without the aid of any expensive  
attachments or special skill, and your work  
will appear clear, legible and clear.  
The OLIVER is the typewriter for the  
lawyer, the insurance agent, the  
hotel proprietor—or any man  
doing a lot of writing.

Get our booklet on the  
OLIVER.

## MINERS AND OPERATORS COMING TO TERMS

**A Two-Year Scale At The  
Old Rate Agreed Up-  
on.  
FOR A REFERENDUM VOTE**

**It Is Predicted That Friday  
Will See An Agreement  
Reached by Both parties.**

Toledo, Ohio, April 15.—A rate of 90 cents per ton, fixed on practically the same working conditions as last year, in a two years' agreement, all to be ratified by a referendum vote of the miners, is the program practically agreed on tonight for the inter-State convention of operators and miners now in session here. This means a general resumption about May, and all prospects of a general strike have been wiped out. Tonight, after two days of sparring for points on a monster business proposition, this conclusion has practically been reached.

The referendum vote on the two year scale will, it is believed, solve the problem.

The situation has been still more simplified by placing the entire matter in the hands of a sub-scale committee consisting of two miners and two operators from each of the three States. John H. Jones and G. W. Schloederberg for the operators and Francis Feehan and A. L. Davis for the miners are the Pittsburgh representatives on this committee.

This prediction is that the finishing touches on a compact of peace and prosperity will be completed not later than Friday.

### BIG ORDER PLACED.

The news reached Pittsburgh last night that the New York Central had contracted with the United States Steel company for 21,000 tons of standard section steel rails.

The order is supplementary to an order recently placed with the Lackawanna Steel company and will cover the requirements of the company for the remainder of the year. It is stated that other large orders are in prospect, but it is not known when they will be announced.

Mr. Farmer, See Mountsier of Charleroi for seed oats and seed corn. 19-S 1f

## USES PHONE' THEN GUN

**Young Woman Wanted  
Friend To See Her  
Die.**

Washington, Pa., April 15.—Daisy Evans telephoned to W. A. Rouse to come to her room this evening. He was just in time to see the girl fire a revolver shot into her right breast. She will likely die. Jealousy is supposed to be the cause.

Rouse was arrested to await an investigation. The woman is said to have left a husband a year ago. From that time until six weeks ago she was at her father's home in Charleroi, W. Va. After the shooting she was taken to the hospital. Probing failed to locate the ball.

**No Matter What  
ON'S  
LINERY**

Do not deny it. You are afforded by a you live at. You have 300 different styles of. If we haven't a hat already made up that suits you. We Can Make One That Will Suit You. Come select the shape and trimmings and we will make the hat. Our prices are low, which is very important just now. 608 FALLOWFIELD AVE.

## FORGOT THEIR PARTIES

**Democrats, Prohis And  
Socialists Vote The Repub-  
lican Ticket.**

## AN ENORMOUS GAIN

**Republicans Vote 3,362 larger  
Than last Fall when Sheatz  
Got 2,522 Votes.**

Party lines were badly shattered at the Saturday general primary, according to the figures, which were given in complete form in "The Herald." Just 1,133 more votes were cast for Messrs. Tener and Acheson Saturday upon the Republican ticket than the leaders of all four parties received in all at the general election last fall. This is remarkable and shows that many in addition to Republicans, called for and secured Republican ballots Saturday.

There were 5,834 votes cast for the Republican candidates for congress, against only 4,745 votes cast for the party leader November 5th. John K. Tener received 2,950 votes and Ernest F. Acheson 2,884, this giving Tener a majority of 16 in the county. Tener carried the city by 278, winning 14 of the 20 precincts. Acheson carried the county outside by 222, losing in Lawrence county as a whole by 16. Fish the Prohibition candidate for congress, received only 142 votes and McKeever, the Socialist Congressional candidate, barely received 142.

Democrats are charged with having voted for Tener probably they did, but the figures indicate that both Prohibitionists and Socialists also jumped the party lines, or failed to turn out at the election, one or the other. The Democratic vote Saturday came nearer equalizing the party vote of last November than either of the other two minor parties.

A total of 2,240 votes were cast Saturday for the Democratic candidates for county commissioner, while Harmon, the party leader last fall, secured 1,271, or only 31 more. The greatest discrepancy is shown between the vote of Saturday and last fall in the Prohibition and Socialist ranks.

Stevenson, the Prohibitionist party leader in November, received 539 votes in Lawrence county. As Fish was given only 142 Saturday at the primary, this shows a difference of 397. It is scarcely possible that the party has lost any voters in the meantime, or that so large a part of them would remain away from the primary polls.

Clark, the Socialist banner bearer in November, secured 338 votes in Lawrence county, while McKeever for congress Saturday was given only 142, leaving 296 to be accounted for. Socialists pride themselves upon participating in elections and hold the franchise very dear, so it is scarcely possible that 70 per cent of the voting strength of last fall remained away from the primary election.

If the Socialists and Prohibitionists did not absent themselves from the Saturday primary, they must have voted some party ticket other than their own. The Republican is the only one that showed any gain, so they must have there. Last fall, every mother 2522 votes, but rather knows that less than

## THE STAR THEATRE

is the biggest and best theatre in the valley. It's the one place of amusement where you get a dollar's worth of enjoyment

**FOR 10c**

For a dime you get the best vaudeville on the road—see the finest moving pictures, hear the sweetest songs. To indicate the place to go to drive dull cars away. Performances 7:30 to 10:30. Matinee every Saturday. Extra fine bill for this week.

Fallowfield Avenue.

## WIRELESS PHONE DEMONSTRATION YESTERDAY

A practical demonstration of the uses of the Collins Wireless telephone took place yesterday in the Masonic building, a large number of local people who are interested taking advantage of the opportunity to test the wireless phone.

The demonstration was in charge of George M. Davis of Philadelphia, who cheerfully explained the workings of the wireless telephone and illustrated the principles upon which the invention depends for the transmission of the sound waves from one point to another some distance away.

The instrument in itself is a box a little larger than that of an ordinary desk phone. It sets on a tripod, and there is a small rod extending upwards above the box a distance of two feet, having at the end a sheet of a sensitized metal. By a tuning device this phone may be put in conjunction with another any distance away and two persons may readily converse. Even the breathing of a person can in the best of phones be plainly heard by some one conversing with him, and who may be miles away.

The invention is considered a wonderful thing and one that is destined to become in the course of time as much in use as the ordinary phone of today.

## WAGNER'S OPENING ENJOYABLE FEATURE

The Spring opening of Wagner's Ice Cream parlor on McKean avenue was held yesterday afternoon and evening, the beautiful place being packed from the hour of opening until the closing one. Jenkin's orchestra furnished music.

In the afternoon from 3 to 4 and the evening from 7 to 11 were the hours, and during that time there were indeed gay crowds thronging the parlor. The large number of visitors were able to care for by waitresses dressed in white. A souvenir box of Johnson's best chocolates was handed each person as they passed out. Several attended the opening from out of town.

### Donora Schoolmaams Visit.

Yesterday afternoon the Donora schools were closed on account of the funeral of E. W. Castner, and several teachers came to Charleroi for a visit in the local schools.

### Attractive Cases.

Adolph Beigel the popular shoe man has added two new display cases to his store on Fallowfield avenue. They are of plate glass and have added much to the appearance of this store.

### Acheson Together Saturday.

Of course the larger vote Saturday shows that greater interest was manifested in the primary than in the general election of last fall. It also shows that interest centered particularly about the Congressional contest.

The results in Lawrence county show conclusively that the present general primary law is not the effective party measure it was. Photo to be, sent to the

## JURY FAILED TO AGREE ON CAUSE OF MAN'S DEATH

California, April 15.—The members of the coroner's jury who today at this place investigated the mysterious death of Moses Causellata, found dead by the side of the P. V. and C. railroad tracks between California and West Brownsville several days ago, were unable to reach an agreement. The jury stood three to three on the proposition of holding Antonio Pazzinia, the dead man's former friend for the murder.

It was the theory of the officers who investigated the case that Pazzinia killed Causellata and then placed the body on the track of the P. V. and C. railroad to hide his crime. It is the supposition that the victim of the murder was waylaid by Pazzinia and stabbed to death. Pazzinia was arrested at Smock, Fayette county, his home, and is now in the Washington county jail.

### Meeting Tonight.

Charleroi Court No. 41, T. B. H. will meet tonight at their hall. Fallowfield avenue, between Third and Fourth streets. Let all members be present. 20141

A grand reception will be given by the Eureka Club Easter Monday night. Bank of Charleroi Hall. 21412

## MEN'S LEAGUE WILL HAVE BIG RALLY

The Men's League of the first M. E. church will hold a grand rally Easter Sunday. Rev. W. G. Mead, P. H. D. of Duquesne, formerly pastor in charge here will lecture on "The Dynamics of the Higher Manhood." A special musical program has been prepared. A cordial welcome is extended to the Christian Brotherhoods of other churches. A full attendance of the League is requested by the president.

### River News.

During the recent suspension rivermen and steamboat owners are taking advantage of the dull times and are having their boats repaired and put in first class order for a big fall run of coal.

The Charleroi Coal Co. are installing a 40 horse power tubular boiler at their fan house near Lock No. 4. This will give additional facilities to furnish motive power in case of accident or a shut down and no danger may be feared now in securing ventilation for the mines.

There is not much activity being shown at present as to preparing for the summer excursion trade although the steamers of the Eline line are being inspected and put in running order. It is expected by the managers of the Coney Island Amusement Co. to put a line of steamers to connect daily with that point and Pittsburgh it will depend largely as to the activity in industrial circles as to the weekly excursions formerly made by the Island Queen and Beauty.

The Pittsburgh and Morgantown Packet Co. will have the Columbia and I. C. Woodward in regular commission about May first to take care of the up river trade.

Major H. C. Newcomer, United States engineer, in charge of the Pittsburgh district passed up the river on the Government boat Swan, for of inspection going up as far as Fairmont.

Years of waiting, packet taking looking forward to an unusual season of navigation during summer and fall, due to the action caused by the Ohio river. With the

Has a nice set of four or six weeks of waiting, packet taking looking forward to an unusual season of navigation during summer and fall, due to the action caused by the Ohio river. With the

## PENROSE RESUMES DUTIES AT WASHINGTON, D. C.

## CHARLEROI MEN SHOT

**Two Alleged Strike Breakers  
Shot During a Riot  
At Chester.**

## STRIKEBREAKERS RIOT

**In a Fierce Hand to Hand  
Battle With the Strikers—  
No Cars Running.**

Chester, Pa., April 15.—(Special) Two men, Claim Agent W. B. Griesmer and Conductor William Borgman of Charleroi, were shot by strike sympathizers, when Chester Traction Company attempted to resume operations this morning.

After a hand to hand conflict the strikers completely routed the strike breakers. No cars are running.

### For The Catacombs.

Washington, D. C., April 15.—To transform the dignified thirty-fifth parallel of north latitude into a macadamized roller skating, pedestrian and automobile highway to be constructed by the United States Government from the blue Atlantic to the Golden Gate via New Bern, N. C., electric lighted, polished and bordered with new idea garden cities wherein no man or maid shall break the eight hour law is the object of a bill introduced today by Representative Bourke Cockran of New York by request.

Old timers held a mock inquest on the bill soon after its appearance and pronounced it the most remarkable legislative contrivance that ever found its way into the curiosity catacombs of the House. Speculations as to its authorship were rife but futile, for none but Mr. Cockran had the secret, and he kept it.

### Some Miners Remain at Work.

Butler, Pa., April 15.—Coal miners in the Butler-Mercer districts, called out by officials after they have voted not to strike, did not obey the order in a body. Today miners are working at Hilliard and Argentine. The operators will hold a meeting at Clayton tomorrow, and announce they will likely run their mines with non-union labor to fill contracts.

### First Victim of New Alien Law.

New York, April 15.—Michael Tsokas, a labor contractor, was sentenced yesterday to eight months in Sing Sing prison for importing contract laborers from Macedonia and Bulgaria. This is the first sentence here under the conspiracy clause of the immigration laws.

Dosing the stomach to cure nasal catarrh does not sound reasonable. And it isn't. Breathe Hyomei, which puts the medication right where the disease is, and cures. Money back if it fails. Piper brothers. 21411

**Senior Senator Gets Into Har-  
ness After a Month's En-  
forced Inaction.**

## ATTEND NO CONVENTION

**Doctors Forbid His Attend-  
ance at State gathering, but  
he'll return to Washington.**

Washington, D. C., April 15.—After exactly one month's enforced absence from business, Senator Penrose this afternoon again took up a public man's burdens by sending a telegram to Col. W. A. Andrews asking him about matters pending before the Committee on Postoffices and Post Roads, of which the Senator is Chairman.

Does not astir today, fully dressed and feeling fine. Intended going for a drive today, but rain prevented, wired the Senator as an introduction for his resumption of work.

The understanding here is that the Senator will return to Washington about May 1. Unless he disobeys the doctors, he will not attend the State convention. The doctors say he should remain perfectly quiet for three weeks, but Senator feels that he can take the risk of coming to Washington. The strain of meeting people at the State convention it is felt would be too much for him.

The Senator took to his bed March 13, just after he had seen the list of the nomination papers filed on his legislative slate. Since that time he has not been able to do any work with his own hands, although for some time after he took to his bed telegrams were sent out in his name.

Those who have seen him during his illness say that he has not lost much weight, any that by the time the doctors permit him to go out he will be very much himself.

A grand reception will be given by the Eureka Club Easter Monday night. Bank of Charleroi Hall. 21412

## FEAST OF PASSOVER.

**Jews Will Eat Only Unleavened Food For the  
Next Week.**

Jewish people throughout the world are observing the Feast of the Passover, which began at sundown last evening and will continue until next Wednesday evening, at sundown. During the week "matzos" will be the principal food, as only unleavened food is eaten by Hebrews during this feast.

The Passover reminds the Jew of his origin, his tragic past and his destiny, and indicates the service which Israel is to perform for humanity. It is also called the Feast of the Passover.

Local Option.

Local option seems to be a leading issue and one that will play a prominent part in the coming campaign.

The greater part of the arguments hitherto used have been based on appeals to passion and prejudice rather than a sober consideration of the question and its discussion has shown that there can be as much intemperance in the use of words as in the use of stimulants. What is needed is a calm, dispassionate examination of the matter, an exercise of the reasoning powers based upon the facts as they exist.

The statements as to the evils or advantages of local option, or prohibition if you will, in the states of Maine, Iowa, Kansas, Alabama and Georgia are colored to suit the side using them and are, therefore, valueless as a foundation by which to be guided.

Fortunately Pennsylvania has within its borders an example of local option of long duration and our citizens can inform themselves as to its exact value in the mitigation of the sale of intoxicating drinks. The Twenty-fifth Senatorial district is composed of the counties of Tioga, Potter and McKean. Tioga and McKean are "wet" while Potter has had local option, prohibition for about fifty years, a sufficient time to test the virtues or evil of any law. We would ask the conservative, thoughtful citizen who is sincerely desirous of curbing the sale of liquor to inquire, and the inquiry is easily answered, has local option prevented or even diminished the sale or drinking of

liquor in Potter county. It is easy to establish the fact whether it is easier or harder to obtain a drink in Coudersport in Potter county than it is in CharloI.

The principal towns and boroughs in Potter county are Austin, Cop-

page, Elk, Gettysburg, Harrison, Valley and Cross Forks. Now has local option harmed or benefited those towns? Are the taxes lower or higher than those in adjoining counties? Are the deposits in the savings banks greater per capita? Are the people as a whole more sober or thrifty? Is the consumption of alcoholic drinks less or greater per capita? Is there less crime? Is there less poverty? In a word have any or all the blessings or evils followed in the wake of local option?

The citizen who sincerely desires to inform himself upon this question can do so by consulting the official records. Those who are fixed in their positions pro or con upon this question these things will not appeal, but in the last analysis the issue will be settled in Pennsylvania by the opinion of Potter county.

The Primary Law.

We gather from a number of our exchanges that the new primary law did not work as well as they desired and we note that almost precisely the same objections are raised to it that were raised to Australian ballot law when first used some years ago.

Those objections have been overcome and it is fair to presume that those raised to primary law will be overcome. No thoughtful citizen would wish to return to the old method when the boss or his heeler stood at the window of the polling booth with a handful of tickets and brow beat and coerced the unwilling voter to vote against his conviction under a threat of personal violence or loss of work.

The wisdom of man never yet conceived a law that fully satisfied everybody, nor will it ever enact such a law. But time will point out any imperfections in the law if there are any and the Republican party can be depended upon to remove them. Until a thorough trial has been given the law it is not wisdom to pronounce it a failure or even a partial failure. As far as can be judged the machinery worked for good even though there were vexations features due to a misunderstanding of its workings.

That law has come to stay, it may or may not be amended, just as experience shall deem amendment necessary.

A Popular Choice.

The nomination of Mr. John K. Tener for congress is hailed with expressions of pleasure by men of all classes and parties all over the country.

Rarely indeed is a man chosen for such a high office who possesses the unlimited confidence of the toiler, the banker and the business men generally.

Cynical persons are all too apt to decry right living and clear thinking. They would convey the idea that success were surer if a man were all things to all men. No greater mistake could be made. The old idea that it were better to be thought smart than honest and to be witty at the expense of truth has been thoroughly exploded.

Character, good, wholesome character, never counted for so much as it does today, and great as have been Mr. Tener's achievements none will be as lasting as the example of upright character with which he has impressed upon young men.

Mr. Tener will never electrify the country with verbal sparks but what he will say will bear the unchangeable garments of Truth. Mr. Tener's popularity is not of a sudden, mushroom growth, but is formed from the slow, steady growth of years. It is an example and an inspiration to the young men who seek to bring success from reluctant fortune.

Prosperity Returns.

There are many cheering signs of the depression in mining, lumbering and railroad circles that the tide has turned.

With the different operators about

be hailed with delight by all the workers, the proposed construction and extensions of railroad lines are all glad omens to the working and business men alike.

It is a certainty that the first of May would find the country on the crest of a flood-tide of prosperity. The calamity howler has had his turn at the bat and has died at the plate.

The hopeful, optimistic citizen has reasons for renewed confidence and unless all signs fail will be amply justified in that confidence. It may not come all at once but prosperity is returning with a healthy, steady growth, so unmistakable that all can see it except those who do not care to.

Sure Thing.

Some Republicans are good Republicans only when they have their own way.—Steubenville, O., Herald.

And their "way" is generally a "way" for the party they attach themselves to.

TRIAL BY BREAD AND CHEESE.

Old-Time Primitive Way of Convicting Suspected Criminals.

There were many odd ways in ancient times of detecting criminals. Our ancestors had not lived long enough to lose their faith in the workings of conscience, and divine interference in earthly justice was superstitiously regarded as a daily occurrence.

No queerer example of this could be found than the ancient mode of trying prisoners by bread and cheese. The unfortunate offender was led, with a halter round his neck, to the parish church, and there in the presence of the people the priest put pieces of cheese and rye bread in a patten on the altar. These he blessed and then the supposed criminal had to eat them dry before the congregation.

If he managed to swallow them easily he was acquitted, but if he choked he was condemned. Naturally enough scores of innocent folk were thus done to death.—Pearson's Weekly.

The Rift in the Cloud.

It was toward the end of the noon hour, and one of the clerks stopped to chat with the telephone operator before going back to his ledgers.

"Have you noticed," he inquired, "how the price of everything is going up nowadays?"

"Have I?" sympathized the girl at the switchboard.

"Terrible, isn't it? Now they have even raised the price of milk. Next thing we'll have to pay a dime to ride on the street cars."

The girl sighed with apprehension.

"Well," said she, "it's dreadful, but as long as chewing gum remains the same I suppose I can exist."

An Early Coin Sweater.

"Coin sweating," which so often figures in the Old Bailey calendar, is a very, very old crime. More than six centuries before Christ there was a coin sweater, one Alexander of Byzantium.

He was the chief officer of the public treasury, and he amassed an immense and sudden fortune by "clipping" the money in so skilful a manner that his frauds could only be discovered by weighing.

The Byzantines gave him the nickname of "The File," from his making such dextrous use of that tool. Whence probably comes the modern term of "file" applied to thieves, pickpockets and cunning, hard-headed scoundrels.—Pearson's Weekly.

When Age Troubles Women.

"Women," said a marriage license clerk, "often lie about their age in the certificate. Look here. This is a letter from a woman now, asking me if a little age he will illegitimate her marriage. She says she is 36 and her fiancé thinks her 29. She wants, naturally, to maintain the illusion. I get such letters every week. I reply, if stamps are inclosed, that there is no law against these lies. After all, they do no harm, do they? Yes? No?"

"There's a law against them in Australia. There, only the other a divorce was granted a man, a plea that his wife had lied about her age to him. She was, it was said, but he had thought her old."

Bad Air "Breath of the South" is the breath of death in a city. While poor people are suffering from a lack of ventilation, the rich are enjoying the benefits of modern architecture.

THIS AND THAT

Few persons would guess that the smallest things visible to the eye are the stars.

The Seven Stars Hotel at Village Green, Pa., has been a public house for 145 years. It was the headquarters of General Cornwallis in 1777.

A farmer near Oncoola, Mo., had a pair of fractious mules which became docile, he says, after he had presented them to "Sam" Eaton, a Baptist missionary.

New York and New Jersey together contained about 15,000 Catholics a century ago, where now the New York diocese also has over 1,200,000 members with 130 churches.

Callao, Peru, needs to have its harbor facilities improved. It is not uncommon for vessels to be detained four or five or even six weeks before they can begin to discharge a cargo.

Denatured alcohol to the amount of 4,742,212 gallons was produced in the United States during the first six months of 1907. The free alcohol law took effect on January 1, 1907.

Emperor William has received Professor Schott, the well known sculptor, who, with Professor Reinhold Begas, also a sculptor, is actively engaged in promoting an exhibition of German sculptor in New York.

Holland has a perennial necessity for wooden piles. In Rotterdam harbor works of all kinds demand them and the drainage of the Zuyder Zee as it steadily proceeds throws cut its wooden ramparts in all directions.

Mme. Schumann-Heink, the famous contralto, announces that two of her sons, Henry and Hans, are at present studying singing in Chicago and both are going to have wonderful bass voices. She says: "They will both be singing in opera before I have finished."

John C. Heed, who has been known for a long time as "The March Wizard," has just died at Hackettstown, N. J. He composed more than 100 marches that became popular, and at his funeral a band of 35 musicians played selections from these march compositions.

A census was taken recently of the St. John's Road Workhouse, London, which showed that the number of inmates was 1,618, and of these 1,150 were over 60 years old. The particulars: Between 60 and 70, 450; between 70 and 80, 511; between 80 and 90, 159; between 90 and 100, 11. There was also an inmate aged 161.

Letter to J. B. Shafer.

CharloI, Pa.

Dear Sir: Here's the truth, the whole truth, and nothing but the truth:

Devoe takes less gallons for a job than any other paint.

If any one doubts this statement, here's the proof:

He may paint his job Devoe, the other half any other paint.

If Devoe half doesn't take the least gallons and cost less money, no pay.

Yours truly

F W DEVOE & CO

"KING OF ISRAEL"

TO BE GIVEN SOON

On Friday evening, April 24 the music lovers of CharloI will be given a treat, local singers arranging for a cantata which will surpass anything in that line ever before attempted by CharloI people. The cantata will be given under the direction of Prof. R. M. Kay, and will be in the auditorium of the Washington Avenue Presbyterian church.

The name of the cantata will be "King of Israel." Prof. Kay has had his singers at work on the music for several weeks and expect much of them.

A special feature will be a reader and reciter, who has been secured at considerable expense and trouble. This will be Miss Fehr, who is well known in large cities for her work. She is a graduate of King's school of oratory, taking high honors at that institution.

Ladies, do not forget that our

### Choice Millinery

this week, to match the Easter gown. If we do not have what you want ready, we have the goods and ready hands to make it up. New goods just came in, and our hats are all exclusive styles of our own make, no factory made hats that are falling apart. All the new shades in trimmings. Beautiful plumes, braids, shapes, ready for inspection.
